

Scope:

This course is for 2006 Residential Building Codes. This will be a two-day course.

The 2006 International Residential Building Code course concentrates on the minimum requirements for residential construction. The course is to provide knowledge of the general residential requirements and application of residential codes. A certificate for 15 hours of continued education will be issued.

Instructor:

Bill Carrigee will be the instructor. Mr. Carrigee is a Certified Building Official, Building, Plumbing and Mechanical Code Official, Residential Combination Inspector, and Certified Floodplain Manager. He has over 25 years of experience in building, plumbing and electrical and is licensed in all three areas.

Who should attend?

Residential Inspectors
Design Professionals
Building Contractors
Home Inspectors
