

Scope:

This course is designed to show the significant changes between the 2006 and the 2003 Residential Code. This course will be split into two segments.

This course concentrates on the significant changes that affect residential construction. The course is to provide knowledge of the residential requirements and application of these code changes.

Instructor:

Bill Carrigee will be the instructor. Mr. Carrigee is a Certified Building Official, Building, Plumbing and Mechanical Code Official, Residential Combination Inspector, and Certified Floodplain Manager. He has over 30 years of experience in building, plumbing and electrical and is licensed in all three areas.

Who should attend?

Residential Inspectors
Design Professionals
Building Contractors
Home Inspectors
